

Entrepreneurs and Business Builders

We share your passion..... and your experience

Low volume...High touch investment strategy

Healthcare IT – Pharma Supply Chain – Information Tech – Data Analytics

WHO WE ARE

Aviano Ventures, LLC is the private investment company and Family Office of the Janca Family based in Naples, Florida.

We are entrepreneurs and business builders. We invest with high quality innovators and management teams to scale businesses, open new markets and expand product offerings.

WE ARE DIFFERENT

We are “low volume, high touch” patient investors making a handful of investments per year. Aviano invests its own funds in flexible and sustainable capital structures. We align our interests with the core entrepreneur /management team for superior, long term investment returns. We are driven by what is best for the business and ownership partners.

WHAT WE OFFER

We are a collaborative resource for our partner companies.

We grew our businesses by looking beyond the obvious. We know that creative approaches will be the best fit for your business needs or your timing requirements.

We have the startup, growth management and transaction skills experience to immediately and positively impact your company’s future.

We have your perspective. We have been there. We have done it. We get it.

OUR FOCUS

Our investments range from early revenue startups to growth capital for established companies up to \$25 MM in revenue.

We seek established businesses at an inflection point where our capital and experience will significantly change the organization’s future.

We provide direct equity investments, and we will consider convertible investments. We provide non-dilutive, revenue-based financing transactions for market established businesses, offering your business lower cost capital than traditional equity structures.
